Fall Fashion

This autumn, remix heritage styles with a fun, modern approach. Dress to impress with a rich palette of autumnal colors and patterns featuring varying shades of brown with touches of houndstooth and new iterations of plaid.

Step out in style with elegant capes, chic sweaters, menswear patterns and country florals for the ultimate fall look. For a modern twist, add a checkered blazer over a t-shirt and jeans for that quick run to the grocery store or that morning conference call. Loafers are a must-have for fall. The classic shoe gets a stylish makeover with blocked heels, platform and lug sole silhouettes. No look is complete without the perfect "it" bag; in bags, it's all about soft volume, quilted and ruched silhouettes.

In menswear, delve into the modern heritage trend with corduroy and plaid shirt jackets and modern barn coats. For a more polished look try a wool cashmere blend overcoat or plaid tailored trousers.

For women, purple is the 'it' color for fall. Say yes to ultra-violet hues and layer on key pieces to face the day with fresh

stimulation. Top off the treatment with Elemis' Superfood Facial Oil, full of antioxidants and omega-rich ingredients that keep skin glowing for days to come. Finding balance while working from home is never easy, but products infused with CBD can help you keep calm and relaxed. For quick relief, use the Hello, Calm face mask from Origins infused with cannabis sativa seed oil from hemp that instantly calms skin and de-stresses the senses. For on-the-go care, swipe on a CBD lip butter from Vertly with three natural butters that moisturize and soothe, and can also be used as a salve for dry cuticles or skin that needs some extra TLC. Lastly, new and perfect for cooler days and nights, Carolina Herrera's Good Girl Suprême Parfum Spray is instantly seductive and dares you to embrace your rebellious side. For a more playful and floral scent, try Marc Jacobs' Perfect Eau de Parfum, which marries fresh and feminine notes and was inspired by Jacob's celebration of optimism and self-expression. For men, the K Eau de Parfum by Dolce & Gabbana offers an intimate, woody scent, which is sure to magnify the grooming experience.

Create a home office space fit for any size room with essentials created exclusively for Macy's, like the Gatlin Home Office Desk, which offers sleek drawers and industrial design elements, or opt for a more traditional space with the Sloane Home Office 2 Piece Set, which features soft gray-wash wooden accents and an upholstered swivel chair. Bring peace of mind home and leave unwanted germs at the door with a selection of UV sanitizing cases and Air Purifiers with HEPA filtration from Homedics.
